The screenshot shows the Dig Deeper website interface. At the top, there's a navigation bar with 'Dig Deeper' and various categories like 'Walls', 'Books', 'Companies', 'Announcements', and 'More'. A search bar labeled 'Sector or Company' and a 'My Account' button are also present. Below the navigation bar, the 'Reliance Industries' page is displayed. It features a row of buttons: 'Kite', 'Multiple' (highlighted with a red box), 'Screener', and 'Stockedge'. To the right of these buttons are icons for social media and a 'Sort By' dropdown. Below the buttons, there are three columns of content: 'Tweets (47)', 'Articles (2)', and 'Videos (0)'. The 'Tweets' column shows a tweet by Shrehith Karkera (@ShrehithK) about Reliance's acquisition of Future Retail. The 'Articles' column shows two articles from AIM Investments: 'SANMINA AND RELIANCE CREATE MANUFACTURING JOINT VENTURE IN INDIA' and 'Jio Platforms to invest US\$200 million in Glance'. The 'Videos' column is currently empty.
