I studied 8■ companies which have given multibagger return (8x/10x) in just 5/8 years.

■Alkyl amine

■Tanla platform

■Supreme ind.

■HLE glascoat

■TATA elxsi

■Balaji amines

■Abbott india

■Bharat rasayan

They all have some common things ■

1■ low market cap - 5/8 years ago they all have low market cap less then 5000 CR

2■ Low debt - their debt are low or manageable

Debt/equity < 1
Intrest coverage ratio>3.5

3■■ good cash flow -

Free cash flow 10 year > 0
Free cash flow 5years > 0

4■ good return on equity - their ROE >25%
And also good ROE track record from last 5 years

5■ sales growth - sales growth of last 5/10 years >7.5%

6■ excellent profit growth - profit growth last 3/5/10 years more then 15%

7■ promoter holdings - high promoter holdings more then 40%

8■competitive advantage - company should have competitive advantage or should be industry leader and industry must be growing

9■good base formation - they must formed 5/8 years base(consolidation) before give multifold returns .

For more multibagger characteristics in terms of technical u can check my video ■ ■
