I always have a bearish bias for the stocks consolidating below 200 MA - IGL https://t.co/xFdzbT8tqG

I posted this chart of IGL last month & waited for the trigger. It never got activated & fast forward it to today, the stock is almost down 25% from the previously shared levels. https://t.co/LYzRsOwyO4 pic.twitter.com/ChDx79HQAx
