For 7 yrs I struggled to ride trends..

& in 2015-17 when I started learning TA smthng crazy happened..

Here is a simple strategy that helped me..

- Identify turning points in stocks
- Find quality stocks
- Not panic & ride trends
- Finally make ■

CCI & Pivot Strategy■..

1 ■ How to filter stocks? Is there a scanner?

There are 1000s of stocks in the market & you need to invest in only a few.

How do you narrow it down to a select few?

Use this simple CCI based scanner every weekend■
