KENNEY & TRUDEAU: GLOBALISTS

1) How about we view everything from a higher perspective and get some better context on the situation?

> The retroactive cancellation of the Keystone XL permit creates a dangerous precedent.
>
> Enbridge Line 5, which supplies Alberta energy to Midwest US & eastern Canada, is also under attack.
>
> Canada must stand up & defend this critical energy infrastructure.https://t.co/UbjYWNa4Mf
