THREAD- So racist Leeze Lawrence has been elected as office bearer in an SNP affiliate group. How can it be? We've all seen the racist, sexist abuse. Is it anything to do with a new twitter name? Unfortunately for Leeze we've got proof that the abuse is from the same account 1/19

So has Leeze convinced the SNP that the abuse is from a fake account? "Nowt to do with me, Guv?" Leeze's account name used to be @Miss_Leeze, it's now @Ms_Leeze, apparently it's an attempt to deny association with the vile bile, archived below: 2/19

> The trans activist Leeze Lawrence posted racist tweets then deleted them then claimed they were fake. Unfortunately for Leeze she has a lot more racist tweets as yet undeleted but this time they're archived. It's shocking stuff. Here's a thread with links to archive and originals pic.twitter.com/n2lWxkVISR
