Okay, let's do this summary again since there seems to be a collective amnesia relating to Christian Abolitionism in America.

Here again is a summary of the Christian Abolitionists' arguments against enslavers' appeals to the Scripture: Thread

> Slavery is not a sin. It is never outlawed by the Bible. Manstealing is but not slavery.
>
> Murdering babies and sodomy are sins according the the Bible. YOU don't get to make up things as you go Dolly, neither do I or Malachi.
