Indian muslims have faced injustice in 2020 as we have been facing since the Independence. It was not only the year of pandemic but also year of injustice and fascism for IMs

I have made a thread with picture of few Imp events:

> 3 Musl!ms were shot de@d by Bengaluru police for "attacking" police station.Were they shot at because of the attack on PS or for who they were?Check below cases where police station/team was attacked in recent past in India. Why similar treatment was not accorded to them? Thread:

Muslims stood with AAP during elections but they backstabb*d us:

1- AAP Vilified Tabligh Jamaat to appease Majority

2- Did nothing to stop delhi riots

3- Gave permission to start cases against Muslim students

4- Called Shaheenbagh "Script of BJP"

All the Criminals of Babri Masjid demolition were acquitted, meaning nobody demolished the masjid in 1992, Such grave injustice to Ms in so called secular democracy

Indian states enacted a Law in the name of "Love Jihad" to harass and arrest muslims, while union home ministry in parliament clearly denied of such thing happening
