1) The BIG secret: The majority of people have no inner monologue and are not capable of critical thought. They can be easily controlled through lies and "the appeal to authority". This is the secret of "The Illuminati" and the secret societies.

2) You know how 99% of dogs, no matter how old or smart, will wrap their leash around a tree, and never figure out to go around the other direction to release themselves? You could put a bowl of food 1 foot from the dog and he would die of starvation before unwrapping the leash.

3) So it is with most people. To hide and exploit this knowledge is the purpose of the so called "Illuminati" and the "secret societies".

4) If you understood that this is true, you would understand those of us who are "awake" have a moral duty to herd the sheep into a decent life, so we can all have a decent world to live in. That moral responsibility, your God given purpose in life, has been hidden from you.

5) Today we use the word "sheep" as a pejorative. It was never used that way in the bible. There is nothing wrong with being a sheep. Sheep invent things, they work hard, they produce children who are not sheep. They feel love, hatred, fear, joy, sadness, they are human.

6) They are your brothers and sisters, fathers and mothers, sons and daughters.

7) If you understood that it is your duty to protect the sheep, you would rise up and put an end to the exploitation and suffering that the occult societies have inflicted on the world.

8) This is why moral degeneracy is promoted in the main stream, this is why God is mocked in the main stream. It's all to prevent the fraction of mankind who is "awake" but not part of "the big club" from realizing our God given duty.

9) A small group of people control the whole world because they play the sheep against the rest of us. We spend our time trying to "wake up the sheep", which is impossible. And that is how the "hidden hand" has ruled for millinea.

10) It is time to realize that there is no waking up the sheep. Stop trying. They are incapable of believing anything that's not told to them by an "expert" on TV or in a classroom. Our goal should not be to fight endlessly against the lies told on TV and in school.

11) Our goal must be to arrest control of the institutions, so that we may stop the spread of lies and start the spread of truth. Whether it be truth or lie, the sheep will believe it. But if given the truth the sheep will choose good over evil.

12) God gave us all the gift of free will, but only some of us the gift of discernment. In return, God wants us to give him the gift of caring for each other. If you are reading this, God made you a shepherd. The sheep are in danger, and it's time to fulfill your God given duty.

13) One final note, for those who have made it this far but have not understood. Most people (and really try to understand this), have NO INNER MONOLOGUE. This is shocking and unbelievable, but absolutely true. If you don't believe me, look it up. Or just start asking people.
