1/ I want to say something as an atty who worked in Pedowood until 2018. The very famous ones who were "suicided" were all guilty. I want you all to know that. They ALL signed the cabal's contract and took the deal. They knew EXACTLY what they were getting into. I'll tell you how

2/ it happens. You come here or are groomed for here or whatever. You seek fame and fortune for your art. Whatever you seek you will find. Except justice, truth and God. Not among the puppet masters. (keep reading I'm still going).

3/ Alot of young ones come here from all over the country hoping to be discovered. They go to parties, clubs, bars, whatever hopping to meet that one person who is goign to help them. Meanwhile, the Luciferian order/cabal/shitshow - whatever you want to call them, is looking for

4/ these young folks. Yes, they are young, but so was I. I never took their stupid deals. I never signed up. I have good judgment and morals. Let me continue (I was a writer hired for Paramount LONG ago and I said NO THANK YOU).

So there is a structure to this system, like any

5/ company or organization. And its called "The Family". Yes that is what they call it.

6/ The ones on the bottom (talent scouts, grips, workers, low level writers producers anyone who works for "them") has NO idea what is going on. Truly, they are sheep and cattle. They just work like all of us. All of us are their GOYIM. That is what they call us. Or sheep. Same.

7/ I've actually heard that word used before. One time, some dickswab asked me why I was wearing a cross around my neck and mocked my religion. Tables are turned buck. You're going to jail. I don't forget. Keep reading.

8/ *Bucko. I meant to call that idiot Bucko. He knows who he is.

9/ What's even more epic is that they are all reading this right now. Good cuz Im not afraid of any of you. I'd tell you to eat d!cks but you would actually like that. So let me go continue.

10/ so the "scouts" scout the talent. And bring them to their masters. Masters are anyone (in the Luciferian order) - remember also that Hollywood IS part of the C---- AYE -- YAY. If you haven't seen it, watch the recent documentary with @johnxdesouza called #AThousandPieces

11/ They are looking for REAL talent and/or REAL IDIOTS who will do anything for fame and fortune. So they invite these hollywood hopefuls who have almost nothing to parties, wine and dine them. Make them feel "special" important. Like any other job and industry, you move up

12/ the ladder as you put your time in. Now if you like to take up the *ss or do drugs and/or have any fetish weakens, guess what? They use that to CONTROL these people. Sadly alot of them use drugs and alcohol and are easily controlled. If that doesn't work, and you are not

13/ an addict or have a mental illness or you are just dumb as a doorknob (believe me alot of the actors are super stupid - the musicians not so much). I have talked with many actors and I feel like Im talking to a fkn wall. Its maddening. Nothing there. NOT ALL but MOST.

14/ If you don't fall into these categories of potential "control categories" , there is ALWAYS the absolute root of ALL evil: MONEY. They offer you money. LOTS of it. I mean, lets say you have made it through the low level ranks. You've done the casting calls, the open mics,

15/ the creepy modeling shoots and parties in the Hills (yuck) with some fat bastard who can't seen his d!ck when he looks down cuz his stomach is sticking out and he's drooling over anything breathing, and you are still not taking their deal and they want you? The next thing is

16/ you are offered a "deal". They assign a new "handler" to you that you are not even aware is a handler. This person may be a sound design guy, a manager, even a friggin nanny. Its completely infiltrated.

17/ They gain your trust. BUT here is where the kicker is: YOU HAVE A FKKKKN CHOICE!

18/ After you have been groomed, your teeth are fixed, you don't look like a hobo, you speak eat properly, you have a manager agent. They even pay for their HOMES and rentals. Most of this is all done under trusts and fake corps. All the attys and accountants that handle this

19/ know, many are located in the same buildings. Century City, Wilshire District, BH, you name it. I have seen it all. They sit you down with your bestie/handler who has been reporting to the luciferians the WHOLE TIME and say to you: you are ready. You're like ready for what?

20/ Ready for joining the FAMILY. YES. They ask you to sign over contracts - basically your LIFE - in the contract it often says they own you and your soul throughout the Universe. Its crafted very well. BUT ITS OBVIOUS. So many are lured by MONEY that they TAKE THE DEAL!

21/ BUT - this is the ONE thing that the public doesnt know: THEY TELL YOU TO YOUR FACE WHAT IS GOING ON! They say you will do this and this and this. You will agree to this and this. One time, I was at a meeting where the guy asked this

person to suck his d!ck and drink his piss

22/ Think I'm kidding? I pulled that person out of there (as he was NOT having it) and I got in the face of that sh!thead and told him WHAT was going to happen to him. He threatened me like that all do. Shitstains. Pussy famefag losers. Eat dirt.

23/ He had no idea he was talking to an atty who spent the first 10-15 years of her lawyer life in SVU and PEDO crimes! So I was watching this shit this whole time. For years. Imagine.

24/ This is just one of many examples. My point is: they tell you up front: You get X $million - you'll be featured on this show or this movie or play on this stage. You will sign over EVERYTHING to us. We own you.

25/ They offer them EVERYTHING. A common question is "who do you want to sleep with - name any actor/actress" - next thing you know, Johnny Boy who came here w/out a nickel in his pocket but can play a mean banjo or bass is now hooked up w what he doesn't realize is a tranny

26/ Johansson ("Scarlett") or whatever they pick at the Chateau Marmont or the Standard. Alot of everything goes on at the Chateau. They have recording devices everywhere. And underground tunnels.

27/ So while Johnny is getting his rocks off with some transgender (who is most likely an inversion so you cant tell that well - they make amazing (excuse my language) vaginas out of d!cks and vice verse)- these docs they use are amazing and get paid well to do this sick work

28/ they are mostly likely drugging him and the blackmail has started. CHOICES. EVERYONE MAKES CHOICES. NO ONE MAKES YOU DO IT. YOU CHOOSE!

29/ Back to that meeting where you are about to sign your soul to satan (but they dont call it that but its fkkkkn OBVIOUS to any pea brained attorney reading the contract) - that IF you sign it there is NO going back. EVER. YOUR SOUL IS DONE.

30/ They tell you to your face that you will be offed IF you want out. Remember the Eagles song? You can check out any time you like but you can never leave? Take it to the bank, Johnny.

31/ If you don't sign it, you can walk the FK away. It's not hidden. SO EVERY SINGEL ONE OF THEM KNEW WHAT THEY WERE GETTING INTO. They CHOSE MONEY over GOD!

32/ Now, having said that, I will say this: maybe they didnt know about the underground labs growing humans/clones/eating us etc. BUT - they DO know about the sexual abuse, the drugs, the lifestyle. They MONEY. It doesnt take a rocket scientist to figure it out! If I took a 12

33/ year old with me and showed them a guided tour of the process I just described (not that I EVER would - Im just using that as an example to get my point across here): they would laugh at all these MORONS taking this deal!

34/ So before you go feeling sorry for dead (or living) celebrities - who were "suicided" - THEY TOOK THE FKN DEAL. They KNEW! They wanted the money and fame and fortune SO bad that they would do ANYTHING for it. So ANYTHING MEANS ANYTHING! They TELL YOU YOU ARE A SLAVE.

35/ For the ones that are not dead (yet) or in jail (yet) or just about to realize that their little fkd up world of being worshipped as FALSE IDOLS is about to come tumbling down, they are guilty too. You wanna know why? They are CASHING THE CHECKS. AND THEY KNOW WHAT'S

36/ GOING ON. EVERYONE KNOWS. Especially now. There is no excuse. They all know. The big ones. And they are still silent. Too bad. You took the deal. And I'm going to leave you with this:

37/ Excerpt from #AThousandPieces The Clowns cannot be cleaned. The agency will be dismantled. Hollywood is a part of it. It will cease to exist. Mark my words. I know. Amen.✝■■■

I rest my case. END.
