Tomorrow, January 6th, MAGA chuds, Proud Boys, and white supremacists are planned to descend on Washington D.C. to contest the election. Among them will be NSC-131, a New England based neo-Nazi organization. Let's welcome them by saying hi to one of their members, Eddie Stuart!

Edward Stuart, from Chester, New Hampshire, has been a member of Nationalist Social Club (NSC) since the very beginning and is a staple participant in their actions. He is known in NSC chats as "Carl Jung" and is well connected in the New England Nazi scene.

NSC-131 is a neo-Nazi group that was started in Massachusetts in early 2020 by Chris Hood. You can learn more about NSC and it's members in these threads:

Eddie describes his ideology as "Esoteric Hitlerism" which is an occult form of Nazism that literally worships Adolf Hitler as a god, or, specifically, as an incarnation of the Hindu God Vishnu. Here is Ed holding the RigVeda with some of his occult Nazi pals. Interesting Ed!

Much of this ideological insight was gained from Eddie's Twitter, where he originally used his "Carl Jung" persona and reposts explicit neo-fascist content and racist memes. In one edited picture, Eddie can be seen at an NSC event in late June 2020 holding a Nazi Sonnenrad flag

Curiously enough Eddie comes from a well educated, upper class family in New Hampshire, and attended the prestigious Pinkerton Academy @Pinkerton_NH in Derry, New Hampshire. He graduated in 2018 and is shown in the PDF of 2018 commencement.

By all indications Eddie's upbringing and education was "progressive" in the standard sense, but it goes to show that there is no mold or archetype for neo-Nazis.
