THREAD.

What I love most about @DrFullertonMPP & her team (■■) is that they won't respond to me but instead they go around me to those in my circle in the hopes those people aren't tracking their failures IRL time like I've been (in order to combat their nonsense).

> As recently as Dec, ON requested further support from Red Cross through the feds. Deployment requests come from local health partners. We\u2019re proud of our men & women in uniform who answered the call for help when there was a staffing collapse in some homes at the start of COVID. https://t.co/KmtfcAtRVP

1. I call your bluff: LIST THE HOMES YOU ACTUALLY DEPLOYED THESE 20 RED CROSS TEAMS TO.

List them.

...because I can only track those (on less than one hand) that have been sent this aid.

2. Let's talk some truth @JustineLewkowic

You only called in Red Cross (release posted Dec 23).

Homes like #TendercareLTC, Sunnycrest or St. George, Craiglee didn't even receive this support that YOU HAVE AT YOUR DISPOSAL.

3. We have homes in CRISIS all across ONT yet you haven't deployed this aid that they so desperately need....because.....you claim the HOME needs to ask for it?
You are aware these bad actors DON'T WANT ATTENTION DRAWN TO THEM RIGHT?
They WON'T make the call 9 times out of 10.

4. So instead, you stand by & watch people die...many from preventable deaths caused by negligence AND INSETAD OF DEPLOYING THE HELP YOU HAVE ALREADY BEEN FUNDED BY THE FEDS, you choose to spend your time contacting those around me trying to convince them YOU'RE NOT INCOMPETENT?

5. p.s My LTC Tweeple are more loyal than Taylor Swift fans....if you don't think I know EVERY move you make around me (because you are afraid to engage with me directly), you're wrong.

I have 7000+ eyes telling me everything you all do.

6. Lets circle back to the RED CROSS.
Do you know that at one of these LTC homes actually had to turn the @RedCrossOntario away because they apparently refused to help feed residents?

Did you bother to follow up on the success of those RC teams? NAH.

7. THIS IS WHY I'VE CALLED FOR MILITARY TEAMS.

Did you know that the CAF teams are skilled healthcare teams made up of: 2 Registered Nurses + 12 Medical Technicians + general duties personnel?

Did you even bother to read the military reports?
Because I have @JustineLewkowic.

8. Pursuant to your next comment in @MeMiller777's Post:
"Ontario continues to call on the federal government to increase the Canada Health Transfer to provide the support our long-term care residents and staff deserve"

Oh yes...you want to TAKE TAKE TAKE.

9. I was IN THAT CALL W/ Melissa, @JustineLewkowic.

I heard how you have received BILLIONS FOR LTC and failed to properly use that money to implement the safeguards THAT OTHER PROVINCES IMPLEMENTED.

But I've long pointed this out.
I see you.

10. So instead, you want @JustinTrudeau to keep giving your INCOMPETENT SELVES MONEY W/ NO STRINGS?

You know....you all are like those terrible ex's I broke up with long ago...who just TAKE TAKE TAKE & NEVER GIVE.

I wish I could break up with you all formally, forever.

11. But alas, that's not so easy. I have to put up with you.

That said, I will continue to WATCH EVERY MOVE YOU MAKE (cue: The police) and I will continue to highlight your ineptitude. You will not bamboozle people on my watch....certainly not those in my circle.

12. Finally @JustineLewkowic, tell your boss @DrFullertonMPP I am ready to debate her ANY DAY, ANY TIME on her pandemic response to LTC.

ANY DAY, ANY TIME.

But we all know why you skate around me.....I know too much right? Can't fool me, right?

13. Because you know I come armed with a militia of FACTS and I will linguistically■■

14. One such fact:
I thought you said the homes had to ask for the help? WHY THEN, WERE THESE HOMES CAUGHT BY SURPRISE??
■■

15. So while you continue to do PR (instead of actually HELPING THESE POOR RESIDENTS), I will continue to arm my LTC Families w/ FACTS. I will continue to document your ineptitude in print, media and TV.

And I'll await the day that @DrFullertonMPP has the courage to face me.
