Reasons why #Tandav is a well staged Propaganda :

1. In the very first episode where Mohd.Zeeshan named as SHIVA plays the character of lord Shiv and very subtly mocks lord Ram & Shiv seeking for popularity over twitter trends then abusing and justifying “AAZADI” slogans is

Nothing but an attempt to brainwash the youth in a glamourised manner towards their agenda.
2. It looks very fascinating to see Shiva & the youth (especially from a particular community) stand up against capitalism, SEZs, for Farmer’s right (which is again misleading).

3. This series is a serious attempt to create a hypothetical reality by attempting to clear out images of separatists & create sympathy for people like Umar Khalid & the Tukde-Tukde gang (AISA/SFI) in JNU (named as VNU) in the minds of the youth that are neutral as of now.

4.The murder of Vishal & Chetan ,the encounter of farmers, the suicide of Sana is all an exaggerated spicy drama that is made to look heart wrenchingly real and is able to create a false picture as to what student politics is & how student leaders are trapped by Govt.,Police CBI.

5.The scene where Imran is arrested & the students visit the police station for the first time & are lathicharged wrongly is again an effort to create lack of trust in the police force as to what happened during the JNU Aazadi incident in 2016 and the recent JNU violence in Jan.

6. This series a well propagated brainwash when it comes to defending the charges that are put against the JNU Separatists such as UAPA & sedition charges. Whereas the fact is - They did not ask for freedom within the country, they asked “Freedom from the country’ !

7. Fact : “Kashmir maange Aazadi” “Bastar maange Aazadi” “Afzal tere armaano ko hum manzil tak pohchayenge” (Afzal’s Aspiration : To destroy the Indian Parliament) were the slogans that were raised, but god forbid,don’t you dare call these innocent students a terrorist!

8. The scene where the policemen asks the students to say “Vande Matram” and prove to be a good student is again a mockery of how patriotism is being perceived. No one is forced to say anything, the only fact is you should not feel ashamed to be proud of your motherland.

9. The attempt to make Shiva an RW from the left is again is a highly stupid thing that is being shown, but alas! The young minds believe what cinema makes them believe, being a student activist myself I know how all these leftist organisations are - hollow, false & intoxicated.

Well,I am all prepared to receive the criticism, hate & mocks by so-called ‘woke people’ around me, who on the name of freedom of speech & expression will defend it but I dare you to make a series mocking profit muhmed. I dare you show the reality of the left wing. I AM WAITING !
