THREAD. (You want to see conclusion)

Call me the eternal hopeful but I simply CANNOT ignore facts. Period.

I cannot ignore DECADES of global corruption, fraud, crime, human/drug trafficking being exposed during Trump's admin.

I CANNOT ignore Trump's statements, ie "we caught them all", "just wait, you'll see", "the beer is yet to come".

I CANNOT ignore Flynn saying he is 100% certain Trump will remain President.

I CANNOT ignore the facts that Pelosi, Schumer, Swalwell, Feinstein, and many other Dems/Reps are completely evil

I CANNOT ignore the fact the the media has CLEARLY been lying to us about Trump for 4 years.

I CANNOT ignore the fact that entire corporations, all chicom sponsored, are taking the actions they are taking to silence and destroy Trump.

I CANNOT ignore the fact Trump has done NOTHING but do everything his power to Make America Great.

I CANNOT ignore the fact that his opposition has done NOTHING in their power to destroy America.

Now to my transition to conclusion.

We all see the build up of unprecedented military fortification of DC. This is abundantly clear and completely contradicts any semblance of the narrative of any "normal" translation of power

We KNOW that the the MAGA community will not take aggressive action towards members of Congress or Trump.

Who would take this action? The leftists activists that the media and democratic politicians have been pushing for years, and big tech who ALLOWED this hate to spread.

Now the conclusion.

What is the ONE thing that criminals and evil fear?

EXPOSURE!

What has been used as political leverage since the birth of humans and political systems?

EXPOSURE!

What does Trump possess? What can he use as leverage?

Here goes my insane conclusion.

Trump is using his declass powers as threat to get Biden and Harris to concede.

I do not know if that is even possible at this point. But if so, it would answer EVERY question we have.

Questions such as why the fortification of DC? How can Trump expose EVERY bad actor? How can Trump remain in power? How can Trump continue the MAGA movement?
