@USMarshalsHQ @SebGorka Remedy has been sought from both the Legislature and the Judiciary. Notice was given time and time again...people were given the opportunity to do the right thing. In every case they refused. What has not been used thus far to effect remedy is the Executive.

@paddua @USMarshalsHQ @SebGorka Donald Trump knew before he ever took office what needed to be done. He has quietly rooted out corruption in key positions and departments while manipulating the media since he took office...always talking loudly to keep people focused where he wanted them to look.

@paddua @USMarshalsHQ @SebGorka The pieces are now in place...Washington DC is occupied by 25,000 soldiers that the DEMOCRATS called in. Those soldiers answer to Donald J Trump and have been deputized as Federal Marshall's.

@paddua @USMarshalsHQ @SebGorka Marshalls are authorized to make arrests without warrants for federal crimes committed in their presence or for which they have evidence. On January 6th, the whole world watched approximately 90% of our congress commit treason by knowingly certifying a fraudulent election.

@paddua @USMarshalsHQ @SebGorka Donald Trump went on camera before the American people and told us that he has tried every legal means to fix this problem. Right now a state of emergency exists in all 50 states and DC. The head of FEMA is a 26 year veteran who was ALSO just appointed acting secretary of DHS.

@paddua @USMarshalsHQ @SebGorka FEMA is authorized to make arrests without warrants and convene military tribunals. The Executive Branch has broad powers when there is insurrection, more so when there is insurrection in the capital.

@paddua @USMarshalsHQ @SebGorka Trump has exposed the media as complicit with the Democrat agenda, and evidence exists proving both are working with China. He has signed executive orders reinstating the death penalty and authorizing the seizure of assets of anyone working with foreign agents.

@paddua @USMarshalsHQ @SebGorka Blow Gliden is a foreign agent.

@paddua @USMarshalsHQ @SebGorka No member of the executive branch can allow control of the United States military to pass into his hands without becoming traitors to their nation. They are required to act and all evidence suggests that they are doing so.

@paddua @USMarshalsHQ @SebGorka The democrats have trapped themselves in a prison of their own making. On January 20th Donald Trump will board Air Force One, then whole world will watch on live television as the US military arrests and prosecutes every member of the deep state.

@paddua @USMarshalsHQ @SebGorka There are currently over 200,000 indictments under seal (per the DOJ website)...that number is usually more like 1,000. LOTS of people are going to jail. What you are witnessing is the largest sting operation in history.
