Solidarity with the women and girls of the US whose sex based rights have been stolen by the new administration. Sex discrimination in the US has been legalised with obfuscating language, forced pronouns-now an entire nation is being subjected to gaslighting. #Bidenerasedwomen 1/

President Biden's newly signed Executive Order is regressive and discriminatory legislation masquerading as 'right on.'

Lesbians being penalised for objecting to rape culture is utterly heinous.
#Bidenerasedwomen 2/

To every woman and girl who has been attacked, sexually assaulted, raped by a person with a penis. I am so sorry you may have to call that person 'She' in court. That you could be in contempt of court for refusing to say, "Her penis." This has already happened in UK-heartbreaking

Solidarity with girls in young offender institutions, with women in prison, who now have to share their space with biological males. Whose risk of rape, sexual assault, pregnancy & STDs is now increased. I am sorry your President has increased your vulnerability inside
4/

Solidarity with all the young female athletes who may no longer be able to win. To all female athletes and elite sportswomen whose sport, position and money has been stolen by stealth with a stroke of the presidential pen- you have been discriminated against #Bidenerasedwomen 5/

2 the girls who compete in track and other sports, who used to win, until the teenage boys identified as girls and took all the prizes. To the girls who no longer compete...because, why bother, I promise you we will do all we can to win this fight for our shared sex based rights.

Girls in schools and colleges will no longer have their own changing rooms, showers or toilets. Women and children in domestic violence shelters, have lost their safety, privacy and dignity and are now facing increased physical and mental health risks. #Bidenerasedwomen 7/

The right of Lesbians to state they are same sex attracted has been utterly decimated. It is no longer legally permitted in the US, and other countries, to state that being a lesbian means being same sex attracted. Always excludes biological males. Even the ones wearing a dress

To transwidows and children of transitioning father's; I am so sorry your trauma and pain has been swept aside. That you will no longer be able to speak the truth about your experiences for fear of the long arm of an unjust criminal justice system. #Bidenerasedwomen 9/

To every woman and girl who no longer feels safe in a changing room, sauna, or shower, you have my deepest sympathy. To every woman fighting for equal pay, my heartfelt apologies that there will no longer be accurate reporting on the gender pay gap... #Bidenerasedwomen 10/

..which is actually a sex pay gap, analysis of workforce data on pay and conditions is about to become meaningless. #Bidenerasedwomen 11/

The women & girls of the USA have been gaslit, forced to believe a lie, and surrender their right to safety, privacy and dignity. Their right to accurate data, accurate news reporting and healthcare which knows which bodies are female and which bodies are male has been stolen 12/

US women, get crowdfunding, be ready to take your new government to court, they have breached your human rights. So many of us, all over the world, are standing beside you. We want you to fight for womens sex based rights AND WIN. #Bidenerasedwomen 13/

Meanwhile, if you haven't signed the declaration for Women's For Women's Sex Based rights. Sign it now. We need to be visible. Father's can sign, uncles can sign, brothers can sign and son's can sign too. Stand up for the women and girls in your life #Bidenerasedwomen 14/

Stand up. They can't silence us when we stand together. Sign for the women who can't sign too please; the women who would lose their jobs, their homes, their families, their livelihoods, if they admitted what they know to be true: You cannot change sex END
