

I clicked a bunch of things and the game just pauses for a second, except when I clicked electron it animated and then was replaced by... something

Quarky & Quaysoo's Turbo Science!

Turbo Science is like regular Science, but FASTER

oh I see

is this Gizmos and Gadgets but by Sierra?

those sure are names

race map!

I clicked on myself which said I could "earn \$" but it gave me this screen which I don't understand

so I instead tried to go to the first part of the race, but... I don't have enough money.

what

ahh, if I click "next question", it gives me SCIENCE questions

<https://t.co/8jxzKE9uQA>

I like the "press your luck" animations that play when you get a question right

next checkpoint.
that bear is too cool

next checkpoint

I have many questions

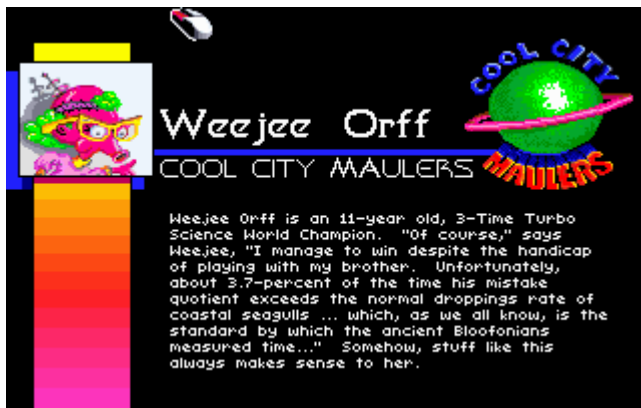

Paco de Suave

<https://t.co/ftQtzdUgZ3>

there's profile pages for each of the opponents

ahh, now I'm studying the science of ROCK

one of your walls is missing, ants

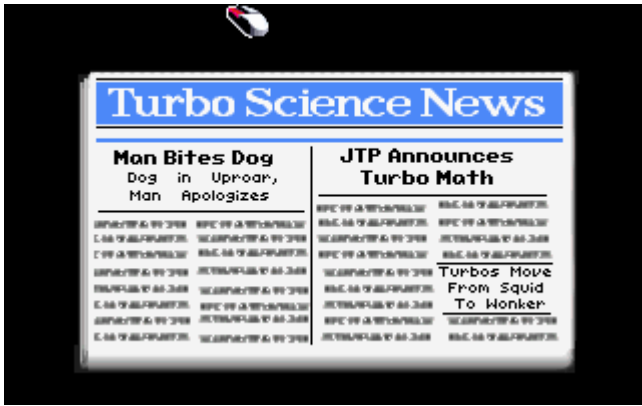

oh I see this game is bullshit propaganda

next checkpoint

Turbo Science News!
I've moved from Squid to Wonker!

oh god I'm at the Clown Bakery

now that's Science

sadly the blimp keeps advertising Turbo Math, and never tells me that Ice Cube's a Pimp.

Power! Industry! Big men inserting screwdrivers into things, turning them, and adjusting them!
