Here's a look at some of my preferred #UCLFantasy options ahead of MD7.

■ ■ Goalkeepers

■ ■ Ederson €6.0m - Part of a great defence and free of rotation which always is a worry with City players. And who knows, he might even take a penalty soon ■

#FPLCommunity #UCL

■ ■ Szczesny €5.5m - A bit cheaper than most of the other top clubs keepers and with Porto coming up twice, he should at least get one CS.

■ ■ Hitz €4.1m - Dortmund not in great shape and he has produced a couple of errors in the last weeks. Should start if Bürki remains out.

■ ■ Defenders

■ ■ Kimmich €6.6m - Expensive, but most likely worth it. 4 assists in his last 3 games ■ ■ ■

■ ■ ■ ■ ■ ■ ■ ■ Man. City defence - Take your ■ pick here. Cancelo currently is the most attacking one with Stones/Dias also providing some goal threat. Rotation the usual caveat.

■ ■ Angelino €5.4m - The wing-back is still Leipzig's top scorer with 4 goals + 6 assists so far this season ■ ■ ■ ■

■ ■ Danilo €5.0m - The cheapest way into Juventus' backline.

■ ■ Hermoso €4.2m - Enabler from Atletico's defence. Playing v Chelsea who don't score too many atm.

■ ■ Kounde €4.1m - Another cheap pick, this time from Sevilla. Many #UCLFantasy managers already had him in their teams for the group stage.

■ ■ Midfielders

■■ Salah €11.6m - Even though Liverpool is struggling atm, he still finds a way to score in a lot of games.

■■■■■■■■■ Man. City mids - Same as in defence, take your ■ pick.

Gündogan (great form ■ but injury ■ doubt) and Sterling are their two stand outs atm.

■■ Nkunku €7.6m - If Liverpool's recent form continues, the Leipzig mid. might be a decent differential.

#FPLCommunity #UCL

■■ Oliveira €6.7m - Probably Porto's best #UCLFantasy pick who already did well in the group stage.

■■ Chiesa €7.0m - Picked up some form recently and might be the pick of the Juve midfield with Cuadrado being out injured.

■■ Suso €6.9m - Registered a couple of returns in the last few weeks and is up against a shaky looking Dortmund defence.

■■ Coman €8.5m - The pick out of the Bayern mids imo. Already did well in the group ■■■■ and plays for the clear favourites to qualify for the next round.

■■ Llorente €6.5m - In form Atletico attacker who registered 2 goals ■■ and 5 ■■ assists in his last 7 starts ■

■■ Forwards

■■ Lewandowski €12.1m - 12 goals in his last 10 starts in the German league ■■■■

■■ Ronaldo €12.0m - Not much explanation needed either ■

#UCL

■■ Messi €12.1m - Back to his goal scoring ways after Barca's slow start to the season. ■■ Griezmann for €9.9m also picked up some form.

■■ En-Nesyri €7.4m - Same as Suso above. Already scored 13 goals ■■ this La Liga season.

■■ Haaland €11.1m - Despite Dortmund's form ■

■■ Suarez €9.9m - Atletico's & La Liga's leading goalscorer with 16 goals already ■■■■

■■ Muriel €8.2m - Outscoring Zapata atm. as Atalanta's main source of goals. 9 goals in his last 11 appearances (in only 388 mins!).

Good luck with your choices ■
