True we lost 2 -0 but the score board won't say the whole story.

MCFC VS KBFC match thread

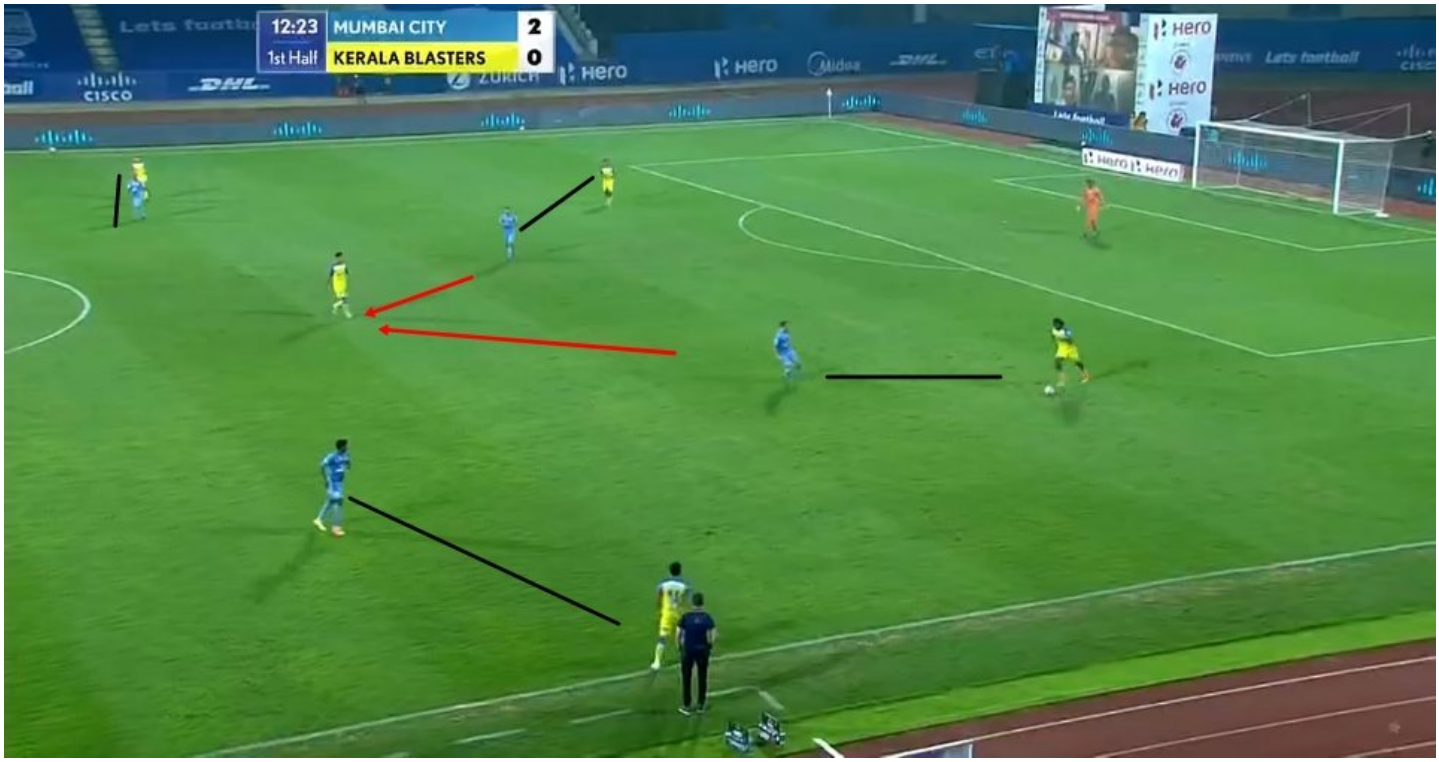

(1/14)

Both teams setup more or less same, having playing the game in midfield. It was a usual MCFC XI and puieta was introduced for KBFC. We'll straight away get to some points
(2/14)

1.KBFC Buildup and MCFCs plan to take it out.

Kerala would build up through Jeackson dropping in between the 2 CBs and Vicente and Facundo taking the half spaces ahead as two 8s. Sahal and Puieta took up the wide channels behind Murray
(3/14)

MCFC had a very good plan against this KBFC build up. They took out the holding midfielder mostly Jeackson. The front 2 will be pressing the CBs by blocking out the passing lanes to Jeackson Singh
(4/14)

The wide midfielders will be pressing KBFC fullbacks which made the build up tricky. Costa here was made to pass out a long pass to Vicente who was intercepted .
(5/14)

The 2 sitting midfielders for MCFC will be behind Facundo and Vicente ready to press for that long pass form CBs. This went on through most of the first half
(6/14)

2. KBFCs right wing

The right wing was almost empty yesterday. There was a whole lot of space on the right side which we seldom used. Pueita was more like coming to the middle rather than utilising those areas. We missed Rahul KP .
(7/14)

3. Waking up late
After the second goal we started putting more pressure to the MCFC side. Jeackson screened the defense while Vicente and Facundo filled the space in between. We pressed each and every balls around opposition box.
(8/14)

Second half we stared stretching the game which resulted in Sahal and Facundo taking up half spaces in between the lines and chance started coming but we couldn't finish our chances.
(9/14)

4 .Defense
The second goal conceded was a clear lack of communication. Albino doesn't deserve a defense like this. We have to find a reliable defensive paring ASAP
(10/14)

Any small contact in the box will result in a penalty. And with Costa being a very experienced defender that is rather clumsy from the player imo. But for the same call we deserve a penalty for challenge on Murray .
(11/14)

Concluding ,

Stop asking for the Sack. We see the consistent teams in the league this season are built around the same core for min 2 years now. Unless we trust a coach and players we will be in the same mess every season.
(12/14)

IMO we did proper homework against MCFC and hit them properly. We could have finished off those chances and a clear penalty wasn't awarded.
(13/14)

This is a project which is a work in progress. We are seeing improvements and we should believe in the team.

TRUST. THE. PROCESS
