■ We can't forget one of the key platforms in shipping indie, can we, @ProductHunt?

Check out @ProductHunt's guide to launching at: https://t.co/VB6WgGx6sa.

In addition, it would be wise to prepare for the launch. Fine tune your assets and post at https://t.co/E7EcJ9CaSW!

■ Well, we definitely can't leave out the man behind all of this, @thepatwalls!

Launching isn't easy, but know what you'll be facing even before coding. Check out @thepatwalls' "words of shipping" at:

■ Shipping isn't restricted to coding and developing. I'm sure @anthilemoon can agree with this!

Get some tips and motivation from @anthilemoon's blog post about how she wrote an e-book in 1 month and sold 130+ copies in 1 week!

Stay tuned, follow @makersup to stay updated with more content.

■ We'll continue to expand this thread as we run into more motivational stories, and inspirational blog posts that will help you #24hrstartup participants to ship, ship, ship!

■ Every #24hrstartup participant will be shipping live, why not get tips from someone who has done it?
