Precautions:

- a) Always backtest the ideas for atleast 3months and forward test with small qty untill you attain success.
- b) Define your risk to 0.5%-1% of your capital per trade.

c) Not more than 3 trades a day.

d) Stick to a single set up.

e) If you trade in stocks on intraday basis ensure you screen the potential stocks the previous evening.

f) Ensure you have a plan in place, i.e. going long or short basis the stocks screening on the previous evening.
