The magic of StockEdge combination scans is that it takes into account the Bullish signs from many aspects!

(■): https://t.co/6tUmyhrw47

Stocks with a High Delivery, combined with a Close Within 52 week Zone are signs of strong momentum!

Relative Strength is a momentum indicator which signifies the ratio of a stock price performance compared to the market average performance: https://t.co/l9MI189BLw

Both Adaptive Relative Strength(ARS) and Static Relative Strength(SRS) above zero confirms its performance as better than Benchmark indexes! https://t.co/kv12z3GueG
