12 TRADING SETUPS which experts are using.

These setups I found from the following 4 accounts:

1. @Pathik_Trader
2. @sourabhsiso19
3. @ITRADE191
4. @DillikiBiili

Share for the benefit of everyone.

Here are the setups from @Pathik_Trader Sir first.

1. Open Drive (Intraday Setup explained)

https://t.co/5axGHwJlt5

> #OpenDrive#intradaySetup
>
> Sharing one high probability trending setup for intraday.
>
> Few conditions needs to be met
> 1. Opening should be above/below previous day high/low for buy/sell setup.
> 2. Open=low (for buy)
> Open=high (for sell)
>
> (1/n)
>
> — Pathik (@Pathik_Trader) April 16, 2019

Bactesting results of Open Drive strategy

https://t.co/RXIl865zvq

> Already explained strategy of #opendrive
>
> Backtested results in 30 stocks and nifty, banknifty.
>
> Success ratio : approx 40-45%
>
> RR average 1:2
>
> Entry as per strategy
> Stoploss = Open level
> Exit 3:15 PM Or SL
>
> 39 months 14 months -ve, 25 +ve
>
> Yearly all 4 years +ve performance. pic.twitter.com/nGqhzMKGVy
>

2. Two Price Action setups to get good long side trade for intraday.

1. PDC Acts as Support
2. PDH Acts as Support

https://t.co/GxzAhMP60l

> So today we will discuss two more price action setups to get good long side trade for intraday.
>
> 1. PDC Acts as Support
> 2. PDH Acts as Support
>
> — Pathik (@Pathik_Trader) June 20, 2020

Example of PDC/PDH Setup given above

https://t.co/LEZNXnrWN5

> #nifty
>
> This is how it created long setup by taking support at PDC.
>
> hopefully shared setup on last weekend helped. pic.twitter.com/2mduSUpMn5
>
> — Pathik (@Pathik_Trader) June 23, 2020

3. High Probability Reversal Setup
80-20

Explained with examples.

https://t.co/bYdaEIhF7d

> #ReversalSetup
> 80-20 setup
>
> I am going to share one high probability reversal setup for swing traders.
>
> Before i explain setup below are few rules.
>
> \u25cf Stock should have body of nearly 1% on Previous Day.
>
> \u25cf For INDEX Body should be more than 0.5% on previous day.
>
> (1/n)
>
> — Pathik (@Pathik_Trader) May 11, 2019

4. Fake Paradise another Reversal Setup

https://t.co/3jBJ4wYOeA

> #FakeParadise#ReversalSetup
>
> Before i share this setup, let me tell you this is not a easy setup to trade without deep understanding.
>
> So let's discuss the setup and what does it mean!!
>
> (1/n)
>
> — Pathik (@Pathik_Trader) May 19, 2019

5. Open = High/Low Setup

https://t.co/dxMeEuCN6F

> I have two different setups to trade on open=high/low.
>
> One i have already shared which is open drive.
>
> If i don't get open drive and i trade second setup, implementation is same as open drive but one condition is change.
>
> (1/2)

— Pathik (@Pathik_Trader) June 14, 2019

6. Trapping Inside Bar Positional Setup

https://t.co/SlYRW2Aiv5

#TrappingInsideBar#positionalSetup

Guys many of us have faced stoplosses many a times when we trade INSIDE BAR STRATEGY.

So to get very few refined setups i have made new setup which will give us few trades but quality trades.

Details below

Examples as nd when i get ll give pic.twitter.com/pCquVIeSoq

— Pathik (@Pathik_Trader) June 26, 2019

@Pathik_Trader Sir has explained all his setups in this YouTube video

Subscribe to his channel for gaining knowledge through his videos.

https://t.co/whBfHDgpo9

So here it is.

Uploaded full recorded webinar for few intraday strategies.

It's not planned video for youtube so bear with it.

Share if u like it.https://t.co/YZEAa9sK3d

— Pathik (@Pathik_Trader) May 3, 2020

Now some setups by Sourabh Sissodiya @sourabhsiso19

7. DHS Pattern - Stock near 52 week high/ Breaking a range

https://t.co/Mr8KUGT9Dp

Easy trade in Bajaj Fin & RIL

DHS pattern:

Criteria : Stock should be near 52 W or breaking a range

Entry : if 1st 5 min candle breaks PDH

SL : Day low

Trail using 20 ma

Focus on 1-2 simple patterns & manage risk.

Backtest results are also great.#intraday #patterns pic.twitter.com/NaPwh8nFhO

— Sourabh Sisodiya, CFA (@sourabhsiso19) June 19, 2020

Look for these things near 52 week high

8. Straddle setup

1. Opening within previous day range
2. Below 20 sma

https://t.co/dJJQj2L6cR

How to manage straddles :

1) As bnf open was within yesterday range created a 29000 straddle at around 9:30 am

29000 PE sold at 528 and
29000 CE sold at 453#trading #OptionsTrading pic.twitter.com/aPvB0iFvkA

— Sourabh Sisodiya, CFA (@sourabhsiso19) November 20, 2020

An example of his straddle trade setup

Now two setups from @ITRADE191

9. PDL/PDH Setup given along with a code for trading view.

https://t.co/GZDNSHKwfB

ENJOY MY 1 BEST TRADING SETUP. how to use When u get buy or sell Signal 1check if there any Pdh/L Day H/L any S/R if yes than wait for candle close above or below that

— itrade(DJ) (@ITRADE191) January 31, 2021

10. Ema crossover

Main setup of @ITRADE191 Sir (check the second picture in the tweet)

https://t.co/eh7s1kudF1

> Simple setup pic.twitter.com/nL2CMDVWjM
>
> — itrade(DJ) (@ITRADE191) January 28, 2021

2 setups from @DillikiBiili

11. When to short high momentum stocks

https://t.co/PZUDoGBNqj

> very important thing-
> when to short high momentum stocks?
> 1. rsi- when it crosses 88 to 90 level
> 2 . option chain - when ever there is sharp increase in oi
> at nearest strike with rsi around 88 to 90
> these level will be a strong resistance
> suppose-
>
> — Professor (@DillikiBiili) January 21, 2021

An example of Tata Motors trade

https://t.co/VA41E9o20h

> just remember when have shorted #tatamotor at 254
> and it fallen till 241
> same setup
> when tatamotor at 260
> rsi was - 90
> and at 260 ce 1.2 crore oi was there and it fallen from there
>
> — Professor (@DillikiBiili) January 21, 2021

12. How to trade momentum stocks

https://t.co/U4JZ8C99gw

> trading setup for momentum stock-
> 1.volumes - should be minimum above 50 day avg
> 2. trading minimum above 150 day moving average
> 3.indicator- vwap and bollinger band
> 4.rsi should above 58
> 5.for f&o-fut #oi should be increased by 5 to8% of total contract in two trading session
>
> — Professor (@DillikiBiili) November 29, 2020

These setups are being traded daily by these accounts. Great learning and content here. Even more than a paid workshop.

Practice and ask these handles questions regarding their setups.

They will surely answer your queries.

Work hard.

THE END
