•Another example of resistance when Open Interest added is huge.

1. Huge Calls OI added
2. Rejection from that strike level.

Good buying opportunity

1. 13800 PE huge OI added
2. Market tested day low and rejected from there.

Pdh was Resistance for a long time.
Down fall from PDH and took support PDL or always book profit near these levels.

Practice via these charts and logics and become consistent like him so that you can make profit daily.

Observe rejections at Pivots/PDH/PDL combined with OI analysis to improve consistency.

The END
