7 signs a stock trend is exhausted:

- 1) Price >100% above MA 200
- 2) Largest volume since start of the trend
- 3) Big gap after several months of rally
- 4) New highs on lower volume
- 5) Reversal bar on weekly chart
- 6) 50% gains in 3 weeks
- 7) >7 days up in a row

What else?
