@Trader_souradep

Pls go to Nifty daily chart, convert candle stick chart to line chart
Make time period Weekly
Then click on the encircled + sign in top panel to add different index to compare, u can add any index

Will describe this in our Friday post market session, watch in SE YouTube channel

> Sir can u please make a video on how to get this plotted in trading view .Please sir .a small guidance will be highly appreciated .I know there are many like me who don't know to plot it but are shy to admit .it would benefit them too .thank u sir
