Do you trust your Politicians?

Did you know an ingredient used since 1929 was never tested by any gov agency.

A Congressional hearing was finally held in 2004.

Do you know the ingredients? Or severity of danger when exposure to toxic ingredients? Ingestion vs. Injection for each ingredient?

New report finds toxic heavy metals in popular baby foods. FDA failed to warn consumers of risk.

https://t.co/MhB8V6DNfX

What is informed Consent? disclosure...

...adequate patient comprehension of this risk is unlikely to occur.

...in order to meet the medical ethics standard of patient comprehension for informed consent.

https://t.co/hRE8wDxPZB

Are you given informed consent?

Without voluntary informed consent, detailed studies long term studies ■ are equivalent to human experiment.

Do u know the ingredients? Have you read the warning labels? The inserts from box, not the redacted print out.

Here are examples:

Nuremberg Code for Human Experimentation:
https://t.co/AgP3EogNEs

1. VOLUNTARY CONSENT... should have sufficient knowledge & comprehension of the elements of the subject matter involved... (warnings about the possible dangers of ■ adjuvants)

Nuremberg Code for Human Experimentation:
https://t.co/AgP3EogNEs
5. No experiment should be conducted, where there is an a priori reason to believe that death or disabling injury will occur...

Nuremberg Code for Human Experimentation:
https://t.co/AgP3EogNEs
7. Proper preparations should be made ... to protect the experimental subject against even REMOTE possibilities of injury, disability, or death

Nuremberg Code for Human Experimentation:
https://t.co/AgP3EogNEs
8. During the course of the experiment, the human subject should be at liberty to bring the experiment to an end...

Nuremberg Code for Human Experimentation:
https://t.co/AgP3EogNEs
10. terminate experiment...if probable cause to believe, in the that continuation of the experiment is likely to result in injury, disability, or death to the experimental subject.
