Impact of Repo Rate Hike on Stock Market

investyadnya.in

Repo Rate Hike

↓

Interest Rates Go Up

↓

Demand Goes Down

↓

Borrowing Rates for Corporates go up

↓

Interest Costs go up

↓

Net Profitability Goes Down

↓

Stock Prices & effectively Stock Market Goes Down

↓

Growth Plans get postponed

↓

Sentiments go down

↓

Lucrativeness of Equity Asset Class gets impacted

↓

What Performs then?

↓

Low Debt Companies perform better

↓

Non-Discretionary Product Companies perform better

↓

Fixed Income Securities become attractive

↓

Long Term G-Sec Funds should be on radar
