7 FREE OPTION TRADING COURSES FOR BEGINNERS.

Been getting lot of dm's from people telling me they want to learn option trading and need some recommendations.

Here I'm listing the resources every beginner should go through to shorten their learning curve.

(1/10)

1st Course - TASTYTRADE

This channel on YouTube is a goldmine for people wanting to learn about options both basics and advanced. By far the best and the most popular channel out there amongst option traders.

Have covered all the free good courses/playlists here in this thread. Last three are by Traders from the Indian community.

For guys who cannot speak Hindi should check out the playlist by @Abhishekkar_ & Procapital.

(9/10)

If you even go through any two of these courses I'm pretty sure you will absorb everything to know about options very very quickly which will give you a head start over your peers, while having a solid foundation.

Happy trading!
