Trendline is basically use for majoring trend ■ of any stock.

It is also useful for indentify demand & supply

Here it's applications ■

→■ It is formed when a diagonal line can be drawn between a minimum of three or more price pivot points.

And that all three points must tested equally.

example ■ #sis

→■ Trendline is mainly useful for identifying trend ■

■ Uptrend - #happiestmind

■ Downtrend - #bluedart

→■ It is also useful for support & resistance.

Ex - ■ #happiestmind

■ #omaxe

→■ If three point ■ have not be touched clearly then it is wrong ■

Ex - ■ #bluedart

■ #zeemedia

➡■ It is also useful big trend changing move ■

■ After 4 years of consolidation #sis is ready for trend changing .

■ #adanipower is also consolidating from 9 months now it's trend going to change after trendline BO

Hope this is helpful ■ for inhance ur knowledge ■
