@AnyBodyCanFly

Model Portfolio 3

Time Horizon 3 years or earlier ~ Depends on if the stock performs significantly well in faster time. Review of business performance important every quarter.

This portfolio is suitable for aggressive investors who believe in risk taking and look for growth

Name %allocation

- ~ Laurus Labs 15%
- ~ Balaji Amines 15%
- ~ Deepak Nitrite 15%
- ~ Kopran 10%
- ~ Pokarna 10%
- ~ Eveready 10%
- ~ Dynpro 10%
- ~ Manorama 5%
- ~ Adani Enterprises 5%
- ~ SHIL 5%

- ~ Laurus Labs
- ~ Kopran

My top two picks in pharma sector are Laurus Lab and Kopran.

These have good earnings predictability, growth visibility & significant undervaluation. Growing from small to medium and to big.

Earnings can grow and valuations multiple can grow accordingly.

- ~ Balaji Amines
- ~ Deepak Nitrite
- ~ Dynpro

These three are my top picks in Chemicals.

These have good earnings predictability, growth visibility & significant undervaluation. Growing from small to medium and to big.

Earnings can grow and valuations multiple can grow accordingly

- ~ Pokarna
- ~ Eveready
- ~ SHIL

These three are my top picks in Home Consumption.

These have good earnings predictability, growth visibility & significant undervaluation. Growing from small to medium and to big.

Earnings can grow and valuations multiple can grow accordingly.

- ~ Manorama

My top pick in Food / FMCG sector

It is going thru challenging times currently however has great potential in future.

Earnings can grow and valuations multiple can grow tremendously.

- ~ Adani Enterprises

A speculative however has immense business potential in all its divisions.

Can be a steady yet big performer in every aspect.

This portfolio is an aggressive one with a focus on future growth and lifestyle trend change.

Do research thoroughly and see if it really fits into your approach.
