1/ Some of us suspected that Trump would use ■■■■■■■ to enable those ■■■■ ■■■■■ ■■ ■■■ so that they can be free to ■■■■■ ■■■ ■■■ and ■■■■■■■ ■■■ ■■■■■ at Trump's request.

2/ We suspected Trump may threaten those who are not loyal, ■■■■■■■■■■ ■■■■■■ ■■■■■■■■. If we allow these pardons to stand, it will send a message that the President, and those loyal to him, are ■■■■■■ ■■■■ ■■■■. We cannot allow that precedent to be set.

3/ We must not allow pardons to stop us from investigating, prosecuting, and holding accountable those involved. This includes ■■■■■■■ ■■■■■■■■ ■■■■■■■■■.

4/ In the words of Ex-Trump official @MilesTaylorUSA:
https://t.co/SdZbakhJ1D

“He'd been told, on repeated occasions, that the way he wanted to do it was ■■■■■■■■. His response was to say: ‘Do it. If you get in trouble ■’■■ ■■■■■■■ ■■■■’…”

5/ “The President ■■■■■■■■ ■■ ■■■■■■■ U.S. government officials for ■■■■■■■■■ ■■■■ ■■■■ to implement his immigration policy.”

6/ @MilesTaylorUSA speaks of ■■■■■■■ against ■■■■■■■■■. Many know the zero-tolerance child separation policy, still happening today, its cruel intentions & consequences. Many don't know of substantially larger number of family separations, >8800+ in 2020 ■■■■■■…

7/ …as a result of 159,000+ expulsions/deportations this year, including U.S. residents via ICE raids, +more in other 3 years of the Trump admin, the lengthy & squalid incarceration, torture, prolonged exposure to noxious gasses, forced sterilizations, children held in secret…

8/ …facilities, & prison conditions & expulsions leading to deliberate & unnecessary deaths, all with ■■■■■■■■■■■ ■■■■■■■■, all new to the Trump admin. Documented US immigrant residents, esp. POC, continue to be removed from

their homes & families to be deported…

9/ …to dangerous countries they have never known, sometimes to their death. Asylum seekers receive only show trials (trials with predetermined outcomes), and several other impediments make it nearly impossible for a legal path for immigrants to obtain U.S. citizenship.

10/ These are all forms of [redacted]. These are crimes against humanity. They must be investigated, so that all those responsible are held accountable, and so that no future administration is allowed to repeat these crimes with no accountability.

11/ As some forecasted, we have [redacted] against former FBI director Chris Wray and former cybersecurity director Chris Krebs, as well as many others who have not remained loyal to Trump.

12/ @MilesTaylorUSA:
8:42 “I've received vicious, graphic [redacted]. …People are [redacted] to [redacted] bc they have families, live in homes…Trump fans the flames of this divisiveness & makes ppl [redacted] for their [redacted].”

13/ Having worked with Trump, @MilesTaylorUSA made other forecasts that have since come to fruition:

14/
https://t.co/tk7CKEC8aa
@MilesTaylorUSA:
5:15 “The agencies in the fed gov't have done extraordinary work to prep for this election. Cybersecurity leader Chris Krebs, FBI director Chris Wray… put in place an extraordinary system to fight back against foreign interference.”…

15/ …“The one thing they can't prepare for is that the President himself might fall victim to those [redacted], [redacted], [redacted].”

https://t.co/tk7CKEC8aa

16/ @MilesTaylorUSA:
6:26 “Donald Trump will [redacted] and vigorously to make sure that he doesn't lose this election… even after November 3.”

https://t.co/Z1W8wr5hFx

17/ @MilesTaylorUSA:
7:40 “I fear the Pres. is preparing to [redacted] in every state where he has the opportunity.… I could see the Pres. wanting to [redacted] to contest as many states as possible…”

https://t.co/oBeceRQuMe

18/ Even if Trump leaves office in January, we cannot let it stand that Presidents can create loyal admins that are above the law. If we allow this, it [redacted].

19/ It opens the door to a [redacted] should Trump return to office after 2024, and may [redacted] over the next 4 years.

20/ Should Trump consider running again, we need to investigate, so that [redacted] before we decide on how to vote and whether to reelect him.
