Hi Guys!

Thought I would give you an explanation of what is happening tonight and more importantly, tomorrow!

For many, this is all passing by without notice "Biden won, Trump lost and is a bad loser", which is 45% of the USA and probably 85% of the rest of the world.

1/14

This is what is happening:

1. Today is the senate run-off vote. There are 2 congressional seats up for grabs, both happen to be in the state of Georgia. The US Senate has 100 seats. The party with the most seats has a majority and therefore is in

2/14

control of legislation in the USA.
At this time the Republicans hold 50 seats, the democrats hold 48. 2 are up for grabs today.
These two seats are extremely important. The republicans need 1 of the 2 to be able to stop an eventual Biden presidency to push through all of

3/14

his ideas (as he already would control the house). He will immediately start by rejoining the Paris climate accord (the green new deal) that effectively kills the oil industry and nuclear power industry over the next few years.
So make sure you keep an eye out for the

4/14

winners!
It's live on CNN, FOX, and others right now.

2. Tomorrow, is in my view, one of the most important days of our lifetime. It will decide if the WORLD will end up with THE NEW WORLD ORDER or if we will be witnessing the GREAT AWAKENING.

5/14

2B-So what can happen?
According to CNN and all MSM, nothing can happen. Mike Pence will open the electoral college votes (from their sealed envelopes), tomorrow Jan 6th is when the WINNER of the election is decided. It was never decided before!

6/14

2C- In accordance with the constitution of the united states. The VP of the USA is the head of the congress, and therefore Pence will be holding the show tomorrow.
There are 7 disputed races from the 50 states. Those 7 states have TWO envelopes of different votes.

7/14

1 envelope for the official "certified" votes for Biden, and 1 envelope for the noncertified vote for Trump.

2D-The VP has the constitutional RIGHT to chose Trump's envelope if the evidence that will be presented tomorrow will be overwhelming that Trump won.

8/14

All of the people objecting to Pence opening the envelope for Biden will execute a 2-hour discussion where evidence will be presented.
For clarity: It is projected that some 30/100 Congress members will object to opening the 7 envelopes for Biden in the contested states.

9/14

(This has happened in the past, it's very interesting, learn about it, especially 1876 was a nail-biter).

2E-The VP can also choose not to count ANY of the two envelopes as there is no chance to guarantee that either envelope is correct.

10/14

He can then chose not to count any vote.
That would mean that none of the two candidates gets 270 electoral votes and no winner can be decided.

For clarity: At this time it is projected that Biden has 302 electoral votes and Trump has 232.

11/14

What happens if Pence chose to NOT COUNT any of the 7 envelopes. The house legislators chose the winner. Not the amount of members of the house, but 1 vote per state. This would mean that Trump wins re-election 26-22 or 25-23

12/14

3. Pence can also say STOP, "In light of all the evidence shown today, I will send the 7 states electoral electors and their state legislators back to correct their votes before continuing"
This could take a week or even more.

13/14

4. This is far from over.

DO not miss tomorrows show!
