Whether @realDonaldTrump is inaugurated on Jan 20 or not, he's fulfilled an incredible purpose. Truly, he is one of the greatest Presidents we've ever had. His legacy will last, and the greatest part is that the work that he started has merely just begun.

We don't think any of us ever believed he would march into the White House and drain the entire swamp in 4 years. He promised us he would try to #MakeAmericaGreatAgain, and he did. He awakened MILLIONS of people to the corruption and rot in our government.

He awakened us to just how deep the deep state really is, and he showed us that the entire system is rigged against #WeThePeople. He entirely exposed the globalist plot to overtake our republic. God used Donald Trump to light the fuse of an American Revolution.

We will never stop fighting for our country. Above that, we will never stop fighting for God, for truth, and for what is good and right. We are Americans, and this is just what we do. We never give up, we never stop fighting, and we do it even if it means losing everything.

We do it because of the brave men and women who came before us. They fought for our freedom, and they put it all on the line. As a result, we've enjoyed immense blessings, as a people and as a nation. At the #PatriotParty, we want to see those blessings continue for generations.

So take heart, America. Donald Trump may not be inaugurated on Jan 20, but his legacy will reign in this nation forever. He's not going anywhere, and neither are we. We love you America!

God Bless!
