So I asked for Jay Postones of @tesseractband to state PUBLICLY the allegations against me (which led to my a) ban from his #Twitch channel, b) ban from the TesseracT Discord, and c) temporary (allegedly - we'll see, I guess) band from @Rockwithdan's personal Discord server) 1/x

And I have received EXACTLY the square root of bugger ALL of a response. Nothing by email. Nothing by Discord. Nothing HERE. Well alrighty then. Stage Two begins.

The following is the text of an email that I sent, via an intermediary, Jay, early this morning. Enjoy!

"I'm really NOT a bad person. I would hope that, if "actions speak louder than words" then my public, visible-to-ALL actions within the Twitch Music Community over the last, say, six months, would stand testament to that. But obviously not as far as "Glassships" is concerned" 2/x

" And obviously Jay has decided to stand by his mod. On the one hand, that speaks to admirable loyalty by Jay to his team of moderators, but here's the thing - in my months of infesting both Jay's stream and yours with my unspeakable toxicity, I have never ONCE 2/x

"a) seen anyone called "Glassships" in either channel. Not once. I make (well, MADE) a point of speaking with EVEEY mod in EVERY Twitch Music channel that I support (or have supported) - which, by the way, is over one hundred channels." 3/x

"You both were the beneficiaries of Tier 3 subscriptions from me. Thing is, so were many of them. I wonder how welcome Jay will be at the next TwitchCon, once all of them have learned why cathesaurus withdrew support from every single one of them, because" 4/x

"because Jay Postones decided to get all banhammery on me? Let's find out.

I posted a 100% truthful thread, here:

https://t.co/ZnBI9t7eWg

and be in NO doubt that, until ANY allegations against me are posted THERE, in full view of the public" 5/x

" in an environment where Jay CAN'T get all banhammery on me, I will NOT let this drop.

Jay knows how I make a living. Which means he ALSO knows that I can devote 24x7x365 attention to this ridiculous situation because my suicidal distraught of yesterday has morphed" 6/x

"into Cathesaurus Has A New Chew-Toy, and, I suggest that he consider that I am probably better at this than he is. At the age of 57, I have had more than ample time and opportunity to learn how to wield the truth.

Please feel free to forward this email to Jay." 7/x

"I will assume that you have done so. And, as of 10 AM Austin TX time, he should be in NO doubt that I will take this to Stage Two, because he and his abominable treatment of me are now, squarely, front and centre of my to-do list."

So here's a dilemma - on the one hand I hear, via @Rockwithdan that I am supposed to "take it to DMs", i.e. speak privately with the moderators of Jay's Twitch channel and the @tesseractband Discord server. I WOULD LOVE TO, EXCEPT THAT, SINCE I'M BANNED FROM THOSE SERVERS...

and from @Rockwithdan's personal Discord server, I CAN'T MESSAGE ANYONE ON THOSE SERVERS - because the ways that Discord messaging WORKS and which I understand, even if Jay and his band of merry mods DON'T, means that I CANNOT message ANYONE with whom I do not share a server.

So at the moment, exactly NOBODY from Jay Postones' Twitch channel, or the @tesseractband Discord, or even @Rockwithdan's Discord, is talking with ME, and I CANNOT initiate a Discord DM with ANY of THEM. See the disconnect, here?

So, really, the ONLY means I have of speaking with the members of @tesseractband and the mods of Jay's Twitch channel, the band's Discord, or @Rockwithdan's Discord, is RIGHT OUT HERE IN PUBLIC.

So, here's my PUBLIC challenge to Jay Postones and his band of merry mods - if NONE of you will speak to me in Discord, or email me (@Rockwithdan has my email address, BTW) then either speak to me HERE, in public, or, by your silence, admit that I was banned for NO GOOD REASON.

ANYHOO... I'm all about supporting awesome musicians, so here's my favourite tracc by White Moth Black Butterfly, and you should ALL go and buy their albums RIGHT NAO.
