@WeTheInevitable

This is from the official Under Secretary of Defense for Intelligence DOD account on Twitter. Ezra Cohen-Watnick - after being appointed by Trump to chair an influential declassification board - "likes" a tweet that implies he is "Q."
119/7 = 17 & Q = 17

https://t.co/LQShObYZqn

> 119 \u27977 is now the Chairman of the Public Interest Declassification Board. This new information could be of importance to many. I wonder what that could mean for those who have taken actions to obscure potentially damaging information from the public view?

I have always wondered about all the yellow/red ethernet cables scattered across the desk in the situation room pic from the Baghdadi raid (that top pic in your post)

Is this Real Life ?

Here are several other screenshots

Check the date of ECW first tweet
