Vinati Organics is worlds largest manufacturer of IBB & ATBS

ATBS-2-acrylamido 2 methylpropane sulfonic acid. 65% global share,usage in water treatment, synthetic fibres, personal care & oil & gas

IBB-isobutyl benzene,key raw material for ibuprofen (OTC painkiller)

Key Trigger :for Vinati came in Jan 2018 when US chemical giant Lubrizol stopped production of ATBS

Co started with a small capacity of 1000 TPA in 90s & gradually expanded to 26000 TPA for ATBS. It also has 65% market share in IBB wid a capacity of 16000 TPA
