210126 KYUNGSOO V-LIVE

Kyungsoo: Hi, I've been discharged from the military. To thank EXO-Ls, I started a V-Live~ I was discharged safely! I think y'all would have a lot of things you're curious about in my 1.5 years in army, it's a little awkward (doing this) but I'll try!

Kyungsoo: There's really a lot of things that I want to eat, as there are fixed menus in the military. I had lots of food made by Mum, I ate lots! Although things are tough now, I don't know how to say this but let's gain strength together and defeat this difficult time!

Kyungsoo: As for activities, there is a production called 'The Moon', it would be good if you could anticipate! There's a lot of things I wanted to try while in the military, like Guitar, I'm in the midst of taking lessons too.

Kyungsoo: There is music that I wish to try, so I'm planning hard to bring them to everyone! I read all the letters while in the military and I spent a lot of time reading them all- thank you so much! I'm really proud, and while reading them I felt really happy <3
