SHIFTING THE FOCUS

The world today is aghast at the cruelty of Islamic terrorism. The beheading of a French teacher and an old woman inside a church in french city of Nice has forced the French Government to take stern action against Islamic terrorism.

The Statement of the French President Macron to call spade a spade has resulted in large scale protest in Islamic world ranging from asking to kill French citizens to boycotting french products.

As always the victim card is out from the purse and as always the so called intellectual Jihadis are out to encash this Victim Card. The mere shamelessness to turn the terrorist as victims and the victims as the perpetrator is just amazing.

One way of changing the narrative is to portray a kind, merciful and intellectual image of Mohammad by using all the mass communication platforms. This so called intellectual jihadis who provide the covering fire for the foot soldiers are flooding the social media d.

with posts highlighting great character of Mohammad. It is similar to portraying Hitler as a Messiah.

One way of doing this propaganda is to post weak, fabricated and false hadiths. One such intellectual Jihadi is Arfa Khanum Sherwani,

a journalist with the web news portal ,"The Wire". This portal is notorious for its anti India campaign, more so for acting as a mouth piece for the Islamic movement in India.

Arfa Khanum Sherwani tweeted this hadith,
"Ink of the scholar is holier than the blood of a martyr"

Prophet Mohammed (PBUH),
one of the greatest persons in the history of mankind.
The purpose of the tweet was to somehow deceive her non muslims followers that how great Mohammad was. The underlying message was to convey that all this act of beheadings

drawing the attention of the world which started after the French teacher Samuel Paty was beheaded for showing a cartoon of Mohammad in his classroom to teach his students about Freedom of expression is against the teachings and the great character of Mohammad.

It is a matter of great shame that this Jihadi intellectuals have nothing to show from authentic Islamic sources about Mohammad which justifies their claim and Matches with the Morality and standard of the Modern World.

Are this Jihadi intellectuals unaware about the authenticity of the hadith?
The answer is "No"
They are fully aware about the

authenticity and know for sure that the hadith is a fabricated one but yet they post it just to deceive and change the narrative and shift the focus of ignorant people from the acts of their fellow Mujaheeds, who act, obey and follow the sunnah of Mohammad.
