**A thread on how several muslim countries work hard on fighting extremism and MB, meanwhile infiltrated media work hard on whitewashing islamistic terrorism and MB.**

**Note: this is NOT about being against muslims. This is about seperating criminal activity from religion. ■■**

#SaudiArabia According to a review by the Institute for Monitoring Peace and Cultural Tolerance in School Education @IMPACT\_SE positive changes have been occurring in Saudi Arabia's educational curriculum since 2016. Changes that have been accelerated in the 2020-21 curriculum■

1■ A Hadith, which teaches that war between Jews and Muslims (in which Muslims will kill the Jews) is inevitable. "Historically, this Hadith has considerably influenced antisemitic attitudes in the Muslim world, so its removal from the 2020 Saudi textbooks is hugely significant"

2■ A text describing the evil means utilized by "Zionist forces," such as money, women and drugs, lending to the promotion of common antisemitic tropes - removed

3■ A text describing that Jews have no religious-historical rights since they refused to accept Mohammed - removed

4■ An entire chapter focused on commentary and analysis about a verse from the Qu'ranic Surah al-Baqarah that contained a warning against those "resembling the people of Moses" - removed

5■ The concept of killing the Jews during the Day of Resurrection - removed

6■ The glorification of violent jihad, including the sentence: "Jihad in the way of Allah is the climax of Islam." - removed

7■ Passages that condemned homosexuality and called for the killing of gays were removed as well as passages that attributed disease and calamity to homosexuality.

8■ Also deleted were calls for the death penalty for apostasy and hostility toward infidels.

#US : the New York Times and the Washington Post have led a dishonest all-out campaign against France and excoriating @macron for his efforts to squelch the very real problem of Islamism and Islamist terror attacks in France in years. About the policy ■

#France The ultimate goal of the Islamist ideologists is to take full control of French society. Macron announced a draft law designed to combat Islamist separatism will be presented to the cabinet on December 9 that will include the following measures: ■

Whitewashing islamistic terror: the New York Times referred to the attack as in Nice Basilica, as merely "a man with a knife" and the "assailant," even after French authorities labeled it a terrorist attack. <https://t.co/W8wOfiYLPE>

Whitewashing islamistic terror : Blaming France rather than the jihadists continued in the Times' opinion pages, which featured pro-Islamist voices such as the French "researcher" Vincent Geisser, a good friend of Tariq Ramadan.

\* Tariq Ramadan is the grandson and political heir of his Hassan al-Banna, founder of the MB. <https://t.co/wdnfjnZvpX>

Whitewashing islamistic terror: Adam Nossiter, Times' Paris bureau chief claimed that the Qatar-funded, Islamist organization CCIF (Le Collectif Contre L'Islamophobie en France) is just a regular Muslim organization

<https://t.co/JZSq5KrAiL>

\* CCIF has long been known as a MB front, very close to both Tariq and Hani Ramadan, both banned from France for their extremist views. Hence why French Interior Minister Gerald Darmanin has called the group "an enemy of the Republic. ■
