Sources : DMK President MK Stalin is completely under the control of the senior Maran, Kalanidhi. Kalanidhi, with an intention to get total control of the cable distribution business, is manipulating Stalin 1/n

that he was the one who ensured Rajini doesn't enter into politics.

Stalin, a gullible person, has taken the bait say sources. Kindly recall Rajini's press meet on 3rd December 2020 when he said, he will start a political party. 2/n

He said, "he had commitments of film production". The upcoming movie "Annatha" is a @sunpictures production.

Sources add, two months back, Kalanithi Maran had assured MK Stalin that, he will ensure that @rajinikanth will never start a political party. 3/n

Rajinikanth's Annatha movie shoot was held at Ramoji Rao Film City, Hyderabad a heavily guarded place. It was sanitized several times, before the shooting commenced. 4/n

It perplexes medical experts, how one would get infected with Covid19 when, persons who were not tested for Covid are never allowed inside the shoot spot. 5/n

And the moot question is why Rajini was admitted in Apollo, when there are several world class hospitals are available in Hyderabad.

To understand the connection between the Marans and Apollo, read this fantastic piece of investigative journalism 6/n

by ace journalist Ashish Khaitan. Ashish Khaitan was the one who blew the lid on Modi's snoopgate. 7/n

And also read this :

Now carefully read all the press releases of Apollo Hospitals following admission of @rajinikanth again. Rajinikanth was told personally, that his caravan driver is also infected.

Connect the dots. 8/n

To understand who the Marans are, kindly recall, how they cheated the late Kalaignar by paying him just 90 crores as the value of Kalaignar's family members' shares and after agreement was signed, how they re-valued Sun Group using a Mumbai firm before it went for IPO. 9/n

As per the revised valuation and red herring prospectus for Sun TV's IPO, Kalaingar and his family should have got 450 crores.

This is the actual reason for the fury of Kalaingar's son MK Alagiri. 10/n

Only after the 450 crores was paid back, Kalaingar uttered the famous words "Idhayam Inithadhu, Kangal Panithana".

For the past several months, Sun TV's management is handled by Kalanidhi Maran's wife and daughter and Kalanidhi is the only channel of communication 11/n

between PM aspirant Prasanth Kishore and DMK.

Even Sabareesan is out of the picture now. It is the Marans who are funding Udhayanidhi's promotion team headed by ace journalist Era. Kannan. It is the Marans, who are forcing Udhayanidhi to take the plunge, 12/n

with an aim to keep MK Stain under control.

Do not forget, it was Sun TV which blew the 2G scam out of proportion when the family was split. And also do not forget, after the family patched up, Marans extended an invitation to one Sarath Kumar, MD of Kalaignar TV 13/n

to their home for a drink, beat him up and fractured his leg.

Sarath Kumar was a key person in the growth of Sun Group and he single handedly took Sun's Telugu channel Gemini to astonishing heights. 14/n

PS : Stalin should realise this and it is time for him to expel the Marans and extend an olive branch to his elder brother MK Alagiri.

When he does this, he will understand the true nature of the Marans. 15/15
